Adam & Eve

When Adam and Eve fall in Love some day
The problems here on earth will be solved
This doubtful time in fear and pain
Will be nothing more than a forgotten time
When Adam and Eve are falling in Love again

When Adam and Eve fall in Love again
The doors on heaven open here on earth
Good and bad, life and death are all one
In the Allone reality
When Adam and Eve are falling in Love again

Blind people

Blind people are running in circles
And are thinking of their thoughts about this world
They don't see the child in front of them
And careless are they keeping an, stamping on its head

And it's crying for more respect, but they don't care at all,
cause they're blind

The next time when they're coming over
With their big cars and this white designer shirts
Bring an small car for the child and hope it's quite and don't disturb
Their important adult games

And it's crying

Blind people are killing what they can't change
They are hating things which make them free
The child is growing up and plays life
But they take away, all it needs for life

And it's crying

Blind am they pronouncing how they save our world
They are giving advice to everyone
But missing love makes the child so sick
With last power it says, I want to leave this place

It is still crying...

Blind people have fear in their eyes
Life must be a big mess to organize
But for the child is all clear, living must be beautiful,
There is no space for fear and it's driving around like a crazy

And it don't care anymore - for the blind
Cause it's free now, now its free.....

All is you

I'm a believer, I believe in you
I believe you're everything that surrounds my
I'm in you
You are the thoughts I think, the feelings I feel
The dreams I dream
I'm a believer - I believe all is you

I believe you are, you are my mom and my dad
You are the son, the daughter, the tree, and the garden
The river and its bed
You are the fire, the ground, the bird, the air
The sound everywhere
I'm a believer - I know all, all is you.

All is you, all is you, All is you
You are all in one, one in all
Everything is you
All is you, all is you
All is you that I am
I'm a believer - I know all, all is you.

Child in Time

Come on sweet child of time
Open up your heart
Let your love shine
Make a new start
Come on now, let's be wild
We're dancing like a child
In the warm summer rain of love

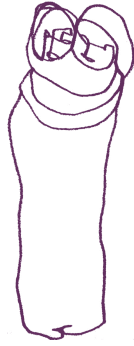

Let your love flow
Leave this world of fear
We're like rainbows
And spread the light down here
Come on now let's be wild
We're dancing like a child
In the warm summer rain of love

I just want to love
I want to love wild
Love like a child
In the warm summer rain of love

Please help to heal this world
That's our second birth
I want to go home
I'm tired to feel alone
The parents are smiling mild
We're dancing as their child
In the warm summer rain of love

Come Close

Come close and hold me
Please let me be free
I want to hold you
Let's be free tonight
Come close and hold me tight
I want to share my life with you
I want to feel you
As deep as I feel you in my heart
I want to hold you....

The flow of Love leads me to you
This flow of Love brings me home to you
Let me find out who you are
Find out - who I am,come close and hold me

Come close - come close to me
Show me who you are
I want to show myself
Let's be honest in our Love
I want to walk with you
In freedom on our own way
I want to grow with you
Out of the darkness into light
I want to be with you

The flow of Love leads me to you
This flow of Love brings me home to you
Let me find out who you are
Find out - who I am,come close and hold me

You are the goddess in my heart
Come close I hold you - with my LOVE
Come close and hold me - with your LOVE
Let's find the bottom in our Life
- in our LOVE
Come close I hold you - with LOVE

Do the Step

I do the step it's my turn now
I dare to even if I don't know how
I'm a member of the shining rainbow
The living water in me wants to flow
The sunshine moves it all around
Earth, water, fire, air as our playground
Reveals the power of our love
Determined long ago here to stay
Where limitations meant to be the way
Until shining light awakens our soul

Come on closer show me who you are
The time has come to stop the war
Let's board now the rainbow ship
We're going on a long awaited trip

Do the step it's your turn now
Dare to, even if you don't know how
Be a member of the shining rainbow
The living water in you wants to flow
The sunshine moves it all....

Come home

I say remember now
Life is simply all the times
Growing children sailing down
From death to birth
Here now watch you grow
Look through, light your shadow
Be aware of
Never ending care

Sometimes walking
Searching all alone
The way back home again
I lose no time to hide myself
Behind the mask of a fake killing smile
Just to please my mom

Come on now let's go the way
Where good and bad dos just exist
As different faces
Of the same coin
The secreted dream inside the heart
Calls clear with this loud voice
Come on home
Live your life

Sometimes walking
Searching all ...
.....just to please your friends

Aum yeah, I see clear again
The narrow way is full of Love
Eternal real
And made of light
Yeah please lead me through
Through the darkness to the light
Open up my ear and eye
Open up my heart

Sometimes walking
Searching....
.... Just please the heart

Now yeah, I'm free again
I'm coming down on eagles wings
And rooted like
A giant tree
The I has fearless faced the death
The soul joins its counter piece
The Body is nothing
But light

Sometimes walking
Searching....

....
I just please the Allone Love

Find out a way

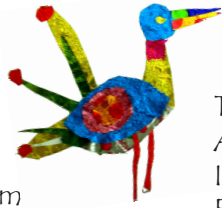

I go and find out a way
A way out of here
A way out of this daily life
A way out of this thirsty mood

I'm on the way back to myself
I got a weight on my shoulders
Consists in fear from my past life
Invisible for my blind mind

Are they gluing up my sad heart
Reducing me to a small men
I'm not able to live my own life
Not dependent on anything else but m

I'm going to find out a way out of here
Out of this daily life with troubles and with fear

We are living beings and we're going to live again
On happiness and joy is based our way
Aum, let's do what we do
Create out of our heart again
We are the life, so let the bud now bloom.....

Free as a Bird (Time for a change)

I let you free, to love who you want to
Open your heart, free your love for me
Free yourself, let you flow, let it go
I'm tired to wait, what do you wait for...

It's time for a change now; it's time for a change,
Use your word, be free as this bird
It's time for a change; it's time for a change
Come and tell me, you're free as a bird

Talking of free Love is loud less preaching
As long as your heart is stocked in pain
I pray for healing, the tear in your sad eye
For the flow of living water, I tempt you to night ...

It's time for a change now,

Let catch us the wave, in the living water
The journey of life, leads us to the light
My love for you teaches me where joy is
All is inside, let's spread out the light...

It's time for a change now, ...

Flow like a river

We were walking over the ground
And grew like a new born child
We had to find the living feeling
But it's growing pretty wild
So we handled our lives with fear last night
Diverted by beliefs
We are toughed with force to leave our way
Controlled through our fears
But now we're leaving this drunken feeling
It's written in our bones
The reeling earth now wants to swing back
Into an new angle with the sun
The new feeling see
Flows like a river downhill
We are light bowls shining bright
Under our feet grows the garden of love
This body is our lifetime home

Our life is a wonder
Like blossoms in the spring
We are free living beings
Together now again
The love I feel flows like a river downhill
We are light bowls shining bright
Our love heals mother earth now
The body opens for the light

Forgiveness

For (this) peace on earth (we seek)
Is all we need.....,forgiveness , forgiveness we need...

In this short little, little piece of time, I felt so much pain
In the heart again - in my heart again
War in the world, let grow the pain,
.....where the trust in Love has gone

Put this spell away - put this spell away
This old black magic spell mystifies the heart
And causes deeds in fear - causes deeds in fear
....Forgiveness - forgive you and me
Peace on earth, is our search
For the live, in you and me
I take care, now I dare
Yes be sure, we need cure
....Forgiveness, forgive you and me

Dancing people and singing children, happy growing humanity
On this earth again - on our earth again
You and me, woman and man, joined in fulfilling love
Forever free - yes forever free
The new paradise of Love on earth depends on you and me
Just stop to fight - yes stop the fight
....Forgiveness - forgive you and me
Peace on earth,

Like playing children on the natural ground,
.....free the feeling free the mind
It's time for peace - yes it's the time for peace
I'm singing to praise the Allone God for its dream of Love
Make us hole again - yes make us hole again
Forgiveness we need, please understand, what I mean is no rule
Forget your rules - yes forget your rules
....Forgiveness - forgive you and me
Peace on earth,

Don't talk

Don't talk, do it - do what you say
Don't talk, do it now, you got to prove what you are today

Don't talk, do it - do what you say
Don't talk do it now, find out who you are tonight

I've got the living feeling inside
I got to prove what I am
I am a living being
I got to prove what I am tonight

Don't talk, do it - do what you say
Don't talk, do it now, you got to prove what you are today

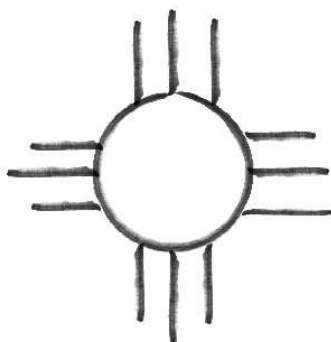

Dream World (Children of the Light)

Where have I reached?
I feel lost in the space
I turn around myself
My Eye finds no point
To hold the move for a while
Just the centre of the heart is quit
I ask myself
What am I here for?
What shall I do?
The answer I found
Is the voice from the heart
That told me do what you want to do

You are a child of the Light
And you're living in a dream world
What you dream and you think of
Always comes true

My mind said no
That can't be
Just look around
If this is true
All the pain in my body and soul
Is self-made to learn how I am
(I'm the king that rules the world)
With the light in the heart
And the power of thoughts
We creates our world
I decide whom I serve
Life or death, fear or joy
We always harvest what we saw

We are the children of the Light
We are living in a dream world
What we dream and think of
Always comes true

Feet on the ground

I am walking with my feet on the ground
I am walking with my head above the clouds
I am walking down the road with my feet on the ground
I am walking down the road with my head above the clouds
I am walking down the road with an open heart

Walking down the road let me sing
In the night of the sits
I get around with all my feeling
I have to face the demons in the part of my soul
I can't see
Walking, running, sliding, making a way
Through the world of my expression
Anyway I get there, anyway I am there

I am walking down the road with my feet on the ground
I am walking down the road with my head above the clouds
I am walking down the road with an open heart
I'm going to see, that's what I always meant to be

Feel free to be

Feel, feel, feel, feel, feel....

Feel, feel, feel, feel
Feel, feel, feel, free to be
What you want to be
So feel what you are remember yourself
Be what you are and do what you want
Let it shine your Light
Let it shine and live your life

Live your life, live your life
Let it shine your light
Put it up high, set it up high
Put your love up high
Mankind is growing, our nature is Love
So Love and be alive

Be alive, be alive, feel your life
Feel your body, feel the soul
Let your spirit flow
Search the light inside your heard
Just there your search succeed
Let it shine, let it shine your light

Feel, feel, feel, feel
Feel, feel, feel, free to be
What you want to be feel alive
Let your body, soul and spirit flow
Let it shine your Light
Let it shine and live your life

Free falling

Free falling.....
Free falling, I see you and I begin
To breathe the dream of Lover forever
Then all the doubts and fears were never
As strong as the true love for all
Between you and me

Free falling.....
Free falling, I could resist and say no
Resist against letting all the love flow,
Like free falling

Free falling.....
Let you pull into love
Into the golden streaming light
Into the entire power of the Allone Love

Free falling.....

God of Love

I don't know how you call it
I call it god
I don't mind how you call it
I call god
God of Love
I feel save in you, I'm alive in your Love
God of Love, God of Love, God of Love

I don't care about anything else
Then your Love
I don't mind about anything else
Then your Love
God of Love
I feel save in you, I'm alive in your Love
God of Love, God of Love, God of Love

Heyah-Heyah

I was walking through a wood near a lake in the mountain
The moonshine lights the scene and I'm looking around
The air is quiet, the breath refreshing

Some big proud deers are standing near the lake
I feel the peace of nature in the sparkling water
This keeps me alive and I know where I'm going

I pass a small hill and see a rich little valley
Where some friends of mine with long black hair
Are sitting around a small fire and are singing

They are singing for the world with peace in their hearts
They want love and brotherhood under all beings
They're helping us to understand the spirit

They're singing:
Heyah-Heyah, Heyah-Heyah
Heyah-Heyah, Heyah-Heyah
Heyah-Heyah, Heyah-Heyah

Give it all away

Free your heart through giving
Give it all away
All is worth giving
Give it all away

I am walking free in Loves name
My doubts I lost somewhere
Yes I love you Shiva/Yahweh,
I pray for peace right now and here

I am walking here with Jesus
And Buddha on my side
I am walking around with Krishna
I'm laying down my pride

I am walking here with Jesus...

Horizon

At the horizon, a new day is rising
It is the light in the heart
In shadows we're diving the new day's arriving
To throw light in the dark

Life is arising
On Earth, in you and me
Free will and Joy
Are dreaming for healing
A new man - a new woman - a new world
A new man - a new woman - a new child

The past melts away like a wave in the sand
In the light of the heart
Fear of experienced pain loses stand
In the hope of the new start

Hope is arising
On earth, in you and me
Free will and joy
Are dreaming for healing
A new man - a new woman - a new world
A new man - a new woman - a new child

The hopeful vision for the dawn of a new day
Creates overflow joy in my heart
Quiet and Peaceful thinking guides our senses
To flow free in our love

Love is arising
On earth, in you and me
Free will and joy
Are dreaming for healing
A new man - a new woman - a new world
A new man - a new woman - a new child,

I see a new generation of free children
are dancing on this earth again,
We are dancing in Love and under the wings
of the Allone Creator

I am alive

I am moving, moving all my Life
I am grooving, grooving for all my life
I keep singing, singing for all my life
Just based on light, joy and love

I do share my life and all my joy and all my love
I am alive, alive all alive.....

Man on the horse

The man on the horse
With the sword in his hand
Has done his job quit well
But time has changed black clouds are coming down
The hero never tires to fight for his Land
The colour of his sword has changed to blood red
From the fight of many times, ...
Still his riding through the wild worlds
With an eye on us down here
Many years were passing by
While he fought for the law without fear
But nobody's able to help him now
So the dragon always grows
Victory for the enemy - brings peace but burns like fire....

Now we're waiting for the last battle
But the decision has already passed
The dragon's power grows very quick
But this knight has no fear
He takes the animal right at his neck
And throws him down on the earth
Now the dragon built up his power
He creates an international state
To bring the divine show
Finally to the awaited end
He leads the tribes with an iron hand
And tempts their hearts away, ...
Victory for the enemy - brings peace but burns like fire....

Freedom of mankind is what he fights for
Worldwide peace is his proof
So all the nations bow their heads
And support his stern Law
But a handful of children are still waiting for
The rescue by their Hero
And then at the darkest day since ever
The hero took them all away
Imagine how angry the animal got
When he saw that he lost the game
He let feel the tribes all his anger
Cause heaven left the earth, ...
Victory for the enemy - brings peace but burns like fire....

And now there's what has never been
Freezing cold and endless night
No Love on earth is the sign
For fight never seen before
But now the heart full of living love
Lights the blinded human mind
Victory for the enemy - brings peace but burns like fire....

I have the feeling

I have the feeling
I've got the feeling I am
I have the feeling I am, I am Life on earth
I have the feeling I am love
I have the feeling I am, I am the truth I am the way
The dream I dream tonight, of loving Peace
Of living Love on earth, the dream I dream is real

I have the feeling every breath I take
I have the feeling every step I make
I have the feeling I am a child of god
I have the feeling I am the son of the Allone and the Earth
The dream I dream tonight, of loving Peace
Of living love on earth, the dream I dream is real

I am, you are, we are,
....the Love, the truth, the way

Keep on moving

Keep on moving, for the night that comes
Keep on moving, stay the flow of Love
Keep on moving, body, spirit and soul
Keep on moving greet the day that comes
Only love keeps me moving
Only love keeps me alive

This is the live, which moves my soul
The own dream is, what we spread around
Listen yes, what I say is true
Movement is the flow of Love
Only fear makes you dying
And only love makes you free

Keep on moving, greet the day that comes
Keep on moving, in the flow of Love
Keep on moving, feel that joy of live
Keep on moving yeah, body, spirit and soul
Only love keeps us moving
Only love keeps you alive

Blieb i Bewegig jo, i dä nacht wo chunt
Blieb i Bewegig jo, blieb im Liebesfluss
Blieb i Bewegig jo Körper, Geist und Seel
Blieb i Bewegig jo, i dä Nacht wo chunt
Nur d'Angst loht üs stärke
Aber d'Liebi, die macht üs frei

Das isch's Läbe ja, wo mini Seel bewegt
Min Traum isch das, won ich usstrahl
Losed jo, wan ich säg isch wohr
Bewegig isch dä Liebesfluss
Nur d'Angst loht üs stärke
Und nur d'Liebi, die macht üs frei

Leave the darkness

You can leave the darkness
If you stop to fight
Fight against yourself
And all the rest of the world
Love has gone and now we've got
The darkest night
You should know
Without love there is no light

Yes, only Love makes you feeling free
Yes, only makes you feeling free
So everything you do, just do with love

If you're feeling lonely
At a party in your own house
And if you don't succeed in
In what you've planned so well
Don't fight, calm down
Then that's the life
Accept your downs, and love your faults
Then they make you grow

Yes, only Love makes you feeling free.
Yes, only Love makes you feeling free
So everything you do, just do with Love
Love... Love.... Love... Love...

Life never ends

The mainstream beats tonight
The rhythm for the soul
The doubter wants to hold us down
And blinds us with its sound
Bounded by the common sense
The mainstream holds the mass
Like a herd that with the butcher ends
Within a sold Life that makes sense
 You know that the life, the Life never ends
 That's my thought, my thought I am talking about myself

I got the living feeling through a doubtless mind we reach
The golden town in a timeless time a reality of peace
Come on now; let's dream tonight the dream of the loving soul
Respect the mass but go your way in the rhythm of the heart
You know that the Life the Life never ends
 That's my thought, my thought.....

You know that the time has come to be aware
That your thought is in charge to give form to all what's there
Free your mind think peacefully, open up your heart
Feel the Love flow through you eternity has already start
 You know that the Life the Life never ends
 That's my thought, my thought, I am talking about myself
 That's my thought, my thought.....

.....Life never ends

Lilith

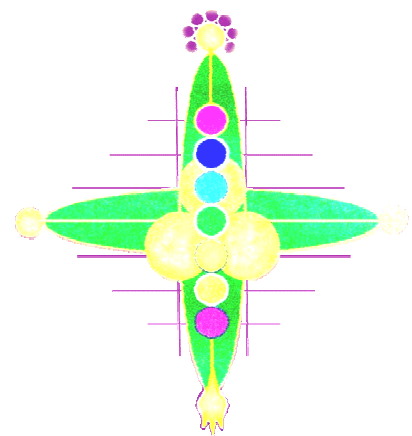

Oh Lilith, Aum Lilith
Please show me what it means
 - When you rise along my spine
Oh Lilith, Oh Lilith, Oh Lilith, Oh Lilith, Aum Lilith
Please show me and shake us till we realize

 Yes what life means and I've done with it
 With our power without knowing what I create
 When I project all my problems onto all the other ones
 Which I separate - in good and bad

Oh Lilith, Oh Lilith, Oh Lilith, Oh Lilith, Aum Lilith
Please show me what it means
 - When you rise along my spine
Oh Lilith - Aum Lilith
Yes finally I want to know, who I am and why I live
Aum Lilith please, tell me since how long
Does live exist and are we turning around our sun
Please, I want to know, why are we always growing
And how long do we have to creep still in the dust
I want to understand why mankind doesn't get
To live in peace with freedom in our mind and our heart
And tell me how it comes, that moon lights our night
Sometimes dark and sometimes bright

 And what life means and we've done with it
 With our power, without knowing, what we create
 When we project all our problems onto all the other ones
 Which we separate in good and bad
Oh Lilith, Oh Lilith, Oh Lilith, Oh Lilith, Aum Lilith
Please show me what it means
When you rise along my spine
Oh Lilith - Aum Lilith
Please show me and awake me - until I realize

 Yes what life means and I do with it
 With my power exactly knowing, what I create
 When I look at all my problems to solve them now
 I see how beautiful
 - You are

Listen to the wise men

Once upon a time - far beyond our thoughts
The night was dark - as dark as today
While this dream goes on - the moonshine walked around
Till the sun woke up - to touch the soul with morning light again

And the soul did cry out loud - what's going on with me
Peace in the heart - depends only on me
But wise men did tell them - already long, long time ago
What's going on these days - what's going on this night?
- And the sun rises - again

They didn't listen to the wise men - so the sun from within
Had to light so many shadows - before the morning came
So this light so soft and clear - looks like a river after heavy rain
But it was there - Yes always it was there
- And the sun rises - again

Magic joyful life

I create my own way; I am the master of my life
I don't know where I am coming from or where I am ending in
But, ... I am on my way

I try to be honest with myself in any moment of my life
But I not always see a way through, so I let myself flow and I trust
That the life always knows what the best is for me

I'm in flow with the Life that I imagine
This is my dream I decide, I have to know my aim
Come on and heal my Life I want to see
I wa.... Want to see what all this lifetime
Life without a doubt could be
I want to know what life can be without a doubt
I want to know what the life right here without a doubt can be
Yes, can be, life without a doubt can be

This is my dream I decide in my dimension
I decide which way I want to go today
I am the master of my feelings;
I am the master of my thoughts
And I know exactly what I want to do
I know exactly what I want to do

I stay in movement and awareness on my way
I am in peace with me and you
I feel free to think in any dimension
I am alive and know who I am
I follow the dream I feel in my heart now
There is a Life in peace, a magic joyful Life

I am alive in a positive vibration
Like a bird I fly on my way
I am grounded with the earth and I trust in Life

I am alive, I'm alive, I'm alive
I imagine a magic joyful Life
I am... ...magic joyful Life

Little hurricane

She is my little hurricane
She's blowing on my fire
We are walking on the same lane
To reach is our desire
But life is a strange thing
Then love without fear
Costs so much attention
And sometimes a tear

But when the sun is rising,
To separate dark from light
Becomes our soul connection,
For the dark to bright
That's why we walk together
Through the darkness of the land
Keeping direction
Happy dancing hand in hand

She's my little hurricane... .

And now I'm asking
In Love all our friends
Share our action
And put all in its hands
We're just reading the sign of time,
And see it's almost done
So instead of putting questions,
Let's try to have some fun

Me I am happy
I'm allowed to be her friend
She bums my frustration
For this I kiss her hand

She's my little Hurricane...

Mystifying world

Mystifying, mystifying, what's going on in my head
A peaceful living, a peaceful living, that's what I want instead
I tried hard not to sin, but there's no war to win
No pure space to find, even in my own mind

My desire for pureness burns like fire
- Desire for pureness burns like fire

Mystifying, mystifying, what happens here an earth
Always dying, always dying, just for a new birth
There are moments I can feel, we are trapped on the destiny wheel
Sometimes up and sometimes down, I feel like a cheated clown

That can't be it, dammed shit
- No, that can't be it, dammed shit

Mystifying, mystifying, I feel the end is near
The final rising, the final rising, makes it for us clear
All together we are one - just remember to leave this run
Soon we are pure and free - open up your heart and see

We all have a same dream - we all live the same dream
We want to be loved and have always been
- We want to be one and have always been

Pull out the nails now

Pull out the nails now

Pull out the nails now - let the wounds be healed

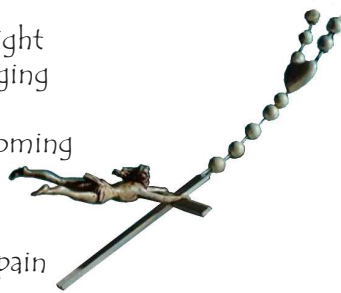

Pull out the nails now - let the wounds be healed
Now free the life - let your love flow free

Pull out the nails now
Spread your love and let grow the grain
Spread your arms and let flow your love
Put it up high - put it up high
Let it shine - let it shine your light
Keep on moving - keep on singing
To the living hymn again
Playing, dancing, growing, blooming
As I am, the one I am

...Pull out the nails now
Spread your love and burn the pain
- The All-One God is the frame
Come on now, make me understanding
What "I am" means and how far your glance reach
Aum, let it shine my heart
Yes please hear my call - reveal heaven on earth and sky...

Put it up high - put it up high
Let it shine - let it shine your light
Keep on moving - keep on singing
To the living hymn again
Playing, dancing, growing, blooming
As I am, the one I am

Aum, let it shine my heart - yes please, hear my call
Reveal heaven on earth and in the sky

NowTime

This is the time to get a level higher
Time to get together with all my friends
The invitation for this mega party
Has been sent out, long time ago

The way is long and it's getting harder
It's not easy to stay in peace
Peace is Love in any condition
This is not the aim, peace is the way

The spiral of Life elevates us to the space
To the room where this shining party goes on
This space is called, this was clear before
Love and peace, right here and now

We have the right to live in peace on earth
Although powerful gods and tricky men
Made a fearful world is going down in flame
But the truth is, that light has no shade

Rainbow

I am walking like a rainbow
Through the waters living river
The bliss I get, creates a thrilling shiver
This loving feeling drifts me
To the way of nature's freedom
I've got peace in my heart
I am all in one together
And the heartbeat joins God's creation

I'm a feeling, feeling man now
I feel freedom and Love again
I'm singing, I'm wondering how this flower grows
And the rainbow colours
Are exploding in my heart

I'm a fool in the mirror
I'm living soul in form
I look all around and I am what I see
On that branch there grows a doubt in me
I cut of that branch and out of the wood
I carve a boat and let it flow

I'm a living, living rainbow
I'm feeling the life it's me
I'm singing and I'm wondering be astonished at Live
And that rainbow colours
Are exploding in my heart

I'm a fool in the mirror
I'm a universal soul
The creator's beloved children we are
Wild born to be free

I'm a walking, walking rainbow
I feel freedom and love again
I'm crossing the road of my destiny
And with that rainbow colours
We compose a new world - a world of Love
Yes a rainbow colours Light world.....

Rules

I was born not at home in the springtime
This days it rained and it was cold outside
My mum was happy but not forever
I deeply felt the pressure of
Sorrow and fear

The way I went was full of a dream for
A better world for her and for me
Loss of memory causes isolation
The demon that I fought is a part
Of the self that I fear

I'm responsible for all my own life
Rules and conditionings I keep myself
Freedom is peace in my own heart
Free will means I decide
If I Love or if I fear

Some people know exactly about the power
Control information, for the child they don't care
I remember the sacred power
Courageous now, I ignore the fear
Wandering my own way

Step by step

Step by step I'm walking on
Through a wide valley singing a song
Far ahead I perceive my destination
I feel me and nature have a deep relation
Cause something is pushing me....

The top of the mountain still far away
I'm walking on then there's no time to stay
Nature is tempting with pure beauty
But I'm going on to do my duty
Then something is pushing me.....

The thoughts in my mind don't give me a break
I think and think like my life is at stake
Even if this muddy way is getting steeper
Every step further my desire gets deeper
For the thing that's pushing me

I'm getting closer of that I'm aware
To the top of the mountain to reach up there
To be that thing what I feel inside
Please wipe out the night
Wipe out the night - with your bright light...

Space inside

Come on here and see yourself
Allow your point of view a change
Feel the space, ...the space inside
Digging in the mud of time
All I find and see is mine
The all-embracing space, ... space inside
Come on now belief me
The one who can change your life, ...your life is you
All we have to face yes
Arises from the space, the space inside...
... Find peace inside, you get peace outside
Who decides how I should live
What I take or what I give
All arises from the space, ... the space inside
All I wish is what I remember
Time and mind, form the tempter
All arises from the space, ... the space inside
Like a plant that grows
From a seed it knows, how it lives its life
Reality, yes be sure
Arises from the space,the space inside
... Find peace inside, ...you get peace outside.....

Tender dreams (didn't you know?)

Last week, I felt in Love, wonderful was life, the job still hard
And the love keeps me going; yes Love keeps me going
I stroke your hair
I stroke your neck, I stroke you're your leg
Tender dreams, tender dreams all come true one day
And the love keeps me going, all along

Tender dreams, tender dreams, tender dreams
Yes all dreams are coming true one day didn't you know?
No matter what you do, no matter what you say
They become true one day
Good or bad dreams, yes every dream you have
Becomes true one, didn't you know?

Good or bad dreams are coming true one day
- didn't you know?
Every dream you have will be true one day
Didn't you know, didn't you know?
I think you don't remember anymore,

Last week I felt in Love, wonderful was live, the job still hard
And the love keeps me going, yes only Love keeps me going
I stroke your face, I stroke your arm, I stroke your breast
I stroke you everywhere you like it
I stroke your life, I stroke your dream
And the love keeps me going all along, didn't you know...

Didn't you know, didn't you know
Only Love keeps me going all along...

The key

The boundary stone at the way out there
On the journey of the life aiming at nowhere
Scares the small men, leaving his known land
Driven by beliefs he gained in the past
Competent moulted and pressed in a cast
Guided by wishes, he needs what he misses

Your beliefs and thinking are turning all around
What you reach out there, what will be found
When you're reaching there
You reach what you're hoping
You hope what you're knowing
You get what you're hoping

Following the river, with the aim to reach
If not at the source, then at least at the beach
Hopefully before dying, on what you are relying
Struggling hard to be someone
Trying to find out what you want to become
Instead of just being, you are what you're seeing

Your beliefs and thinking are turning all around.....

Balancing and movement is the law in here
That's why the free life truly reappears
Not only tomorrow, is there something you don't know
Freedom of thinking without fear is vast
The eternal Now includes future and past
Just the presence allays me; I think this is the key

Your beliefs and thinking are turning all around.....
Just the presence allays me; I think this is the key

These days

I am aware of the small ribbon of light there
Ahead at the horizon on my way
Under dark clouds I walk these days
- These days, these days

I am here these days I am growing
On earth to be what I am showing
The world, how I feel and root in the real ground
- These days, these days

These days life calls with tender Love to meet me
The circle of the golden rainbow light now makes me see
Who I am, the truth of myself and the Life
- These days, these days

These days I'm going to find, what I searched for all my life
The field with the grain is for harvest ripe
All I get and all I see has to be like it is
Cause the mirror of the soul emerge these days
- These days, these days

You get all you want but you break what you hold
Drown in the ocean of Love
The demon that I fight is my souls dark side
Forgiveness lights the dark side of my soul
- These days

These days, these days Life heals me.
Come on life, please heal me Life
Life come on and heal me, mirror of the soul

The matrix (Rainbowman)

I lived my live in a mind created world
Programmed to be a good cheep in the dependent herd
Fear produced wishes maintain economy
Inside I feel the One comes to make an end to slavery
This light guides me gentle the narrow way to master all my fear
Good old fried death finally gets me fully sincere

Stolen time through poisoned words holds sleeping the soul
Growing, mowing, joyful live without fear is the goal
Doubtful steps towards an hopeless future from a painful past
But here and now is the spring of live and peace that lasts
In the Allone Love the energy flows for free
I am a rainbow men alive, just here to be

The goal for me is to be alive the rainbow men I am.....

The joyful song

On a journey through the past I saw
A tribe living free on earth
They were moving smoothly on the ground
In a shining peaceful mood
In the heart they kept the prayer ever
On their lips a joyful song

The song was a prayer from the old, old times
About Love the natural law
A prayer to the garden nature
Gods beauty here on earth
In the heart they kept the prayer ever
On the lips the joyful song

Foreseeing that the times are changing
And the danger of a world of fear
They taught the stones to preserve the song
About Love the natural law
To keep in the heart the prayer ever
On the lips a joyful song

Now these days in our moving world
The stones still are full of joy
The mountains, the beach the bricks and walls
Are gently reminding me
To keep in the heart the prayer ever
On the lips a joyful song

Time of Change

Sad feelings - for the night that comes
Expectations - of such a lonely time
Yes, we haven't yet - to remember of
Such hard days - Aum, such hard days
Now we have to face - all we reached on earth

Time of change --- Time of change

We're just left the cave - to play on the ground
But you sucked the blood - all out of her
Till she's going to die - but there is still a hope

Time of change --- Time of change

Tears are falling - yes, to heal the earth
Love has been - and will always be
Universal law - the judge for me
The splitting sword - swirls through ground and air

Time of change --- Time of change

Time stretch

I am born on earth to walk on my own feet
Through the worlds on my way
I am down here to smell the ocean
To feel the sunlight on my skin
I am here to fall in Love - with you
I am down here to drink a beer in a small bar
To taste some curry on rice
I am down here to hug a huge tree
To let my hair fly in the wind
All lifetime I am growing
Learning about myself, who I am
I am aware, I am alive, I am living
Flowing love in a body made of light
Way, my way, life please heal me
Heal my body heal my soul
- Heal my body heal my soul

I am down here to flow in the water
I am down here to grow in the ground
I am down here to burn with fire
I am down here to breathe the air

I am down find my way in the moonlight
I am down here to argue about Jesus Christ
I am down here to realize peace in me
I tame the animal inside
I am down here to face death around me
To forgive the one who causes me pain
I am down here to find out what the truth is
And how a human becomes a slave
I am down here to throw the demons king
- The demons king down from his throne

Together but all on my own

After childhood I left home and roamed around on earth
I had no other hope, then finding my own way back to birth
Silver shining horizons were pulling me forward back home
There was no other way then going all along - along on my own

To meet you - the sun rises in the sky
To meet you - I'm saying to the past goodbye....

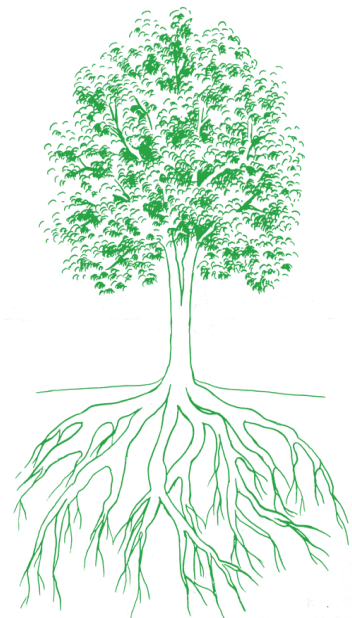

From here to there I was wandering around along on my way
I don't want to go on alone anymore, and as well I don't want to stay
Dancing a natural life in freedom and joy is my dream, you want to come
We follow the sun, to find out where the Light - the Light is coming from

To feel you - is coming home at night
To feel you - is dropping down the weight...
...come on now, we brighten the night

My desire for you I can't hold back, please be mine
I'm already yours and still on my own, lets be together for a time
The Power I feel in between our body and soul
Is more the I understand, but I know - I know this power is my goal

To be with you - is placing the crown
To be with you - is being together on my own....
.... Together but all on my own

On our own way we're moving through the night
Being with you feels like reaching home
... Together but all on my own....., ...all on my own

Travelling Lover

Some days ago
I was walking down the street
The wind was blowing cold
I was freezing in deed
But the heard in my breast
Beats the rhythm of my life
I'm a Lover all my life long
I'm a travelling lover - for all my life

The girl I met then asked
Please stay with me
I love you
So you belong to me
No, I said
And took her on my knees
You feel so nice
But never mind
I'm a travelling lover - for all my life

If you want to love
First love yourself
Find out who you are
Be honest with yourself
You got Life in the heard
You are the soul my friend
Leave your troubling mind
I'm a travelling Lover - for all my life
I care for you day and night

Where you want to go

Where you want to go, yes what you want to be
Find it out alone then only you can know
Didn't you realize, that no one is so wise
To tell you what's the truth for your life
Don't trust anybody, do what you want instead
Don't trust anybody, look always ahead - onto your way

The priest an Sunday morning, tells you what's Life is about
He pretends he knows, but he just shows his book
The same the stage man on the stage, who's in charge for our life
He don't care for us, he never earns enough
Don't trust anybody.....

Don't try to find out sense of Life, you'll never find it out
That's what they tell us honest; they know how wrong they are
All we need is inside us; just listen to your heart
Everything is possible, believe makes you strong
Don't trust anybody.....

Trust Live

I realized one day in winter
The only enemy I have is my own fear
Why should I not live my own dream
The hindrance is simply my own fear
Yes the hindrance is only my own fear

There are so many different confessions
Believes of what I shouldn't do with my life
So called knowledge and persuasion
Were mystifying the search for my way
Were mystifying the search for my way

I am dreaming of a life free of illusion
A life where all problems are a chance
I feel freedom in my body; I feel freedom in my soul
If I trust life keeps everything under control
Yes I trust life has all under control

The wave of love

The moon shines an our naked bodies - we are lying on the beach
The waves touch our feet and she gives me what I need
Her kisses so tender I'm laying just there
It's like a dream, like flying - through the air
But nothing's for ever, please don't fly to high
That's what she said and locked into my eyes

Baby don't prevent my flying
You know that I'm not lying
Yes please, come on with me
Only, if we advance to together
With love we make it better

Baby please, come with me, come with me, come
Come with me, but let me free, yes let me free

Can't you hear the rustle, appearing from the sea?
A huge wave soon arrives, to take away you and me
Be ready und allow a fling to a new space at all
Live now, then soon we'll get the best reward
Wisdom and power and an immortal live
That's what we need and get don't be afraid
Yes, that's what we need and get don't be afraid

Baby we've got this great, big chance
I want to hold your hand
Yes, please, come with me
Yes, if we advance together
With love it works much better
Come with me, yes please, let me be free

Deutsche Songs

Das Leben endet nie (Life never ends)

Die breite Masse gibt heut Nacht, den Takt fürs Leben an
Der Zweifler ist's, der uns unten hält, er blendet mit seinem Klang
Gebunden durch die Vernunft, gibt die Masse dem ganzen Volk
Wie eine Herde die zum Schlachter geht, dem Leben einen Sinn

Du weisst das Leben, das Leben endet nie
So denk ich, so denk ich
Ich spreche von mir

Lebendig fühl ich in mir, ohne Zweifel erreichen wir
Die goldne Stadt, zeitlose Zeit, Frieden, die Wirklichkeit
Komm jetzt, heut nach träumen wir, den Traum der Lebendigkeit
Achte die Masse und geh deinen Weg, im Herzschlag der Verbundenheit

Du weisst das Leben, das Leben endet nie....

Du weisst die Zeit ist reif, sich bewusst zu sein
Dass dein Denken formt, alles formt was da ist
Befreie deinen Verstand, denk friedlich mit Herz
Fühl die Liebe, wie sie durch dich fließt, Ewigkeit jetzt

Du weisst das Leben, das Leben endet nie...

Ich hab das Gefühl (I have the feeling)

Ich hab das Gefühl
Ich hab das Gefühl ich bin
Ich hab das Gefühl, ich bin das Leben hier
Ich hab das Gefühl, Liebe ist was ich bin
Ich hab das Gefühl ich bin,...

...ich bin das Leben, die Wahrheit und der Weg
Den Traum den ich träum heut Nacht
Von Frieden in der Welt
Von Liebe die lebendig ist
Mein Traum ist Wirklichkeit

Ich hab das Gefühl, mit jedem Atemzug
Ich hab das Gefühl, bei jedem Schritt ich tu
Ich hab das Gefühl, Liebe ist was ich bin
Ich hab das Gefühl, ich bin ein Menschensohn
Ich hab das Gefühl, ...

...ich bin ein Sohn des Alleinen Gottes
und ein Erdenkind
Den Traum den ich träum heut Nacht
Von Frieden in der Welt
Von Liebe die lebendig ist
Mein Traum ist Wirklichkeit

Ich hab das Gefühl, mit jedem Atemzug
Ich hab das Gefühl, Liebe ist was ich bin
Ich hab das Gefühl, ich bin ein Kind des Alleinen...

...und ein Erdenkind
Ich bin die Wahrheit und der Weg
Ich bin, du bist, wir sind, ...
...das Leben, die Wahrheit und der Weg

Gib alles weg (Give it all away)

Befrei dein Herz durch geben
Gib alles weg
Alles ist es Wert zu geben
Gib alles weg

Ich gehe frei im Namen der Liebe
Meine Zweifel hab ich verlorn
Ja, ich lieb dich Shiva/Jahwe
Ich bete für Frieden im Hier und Jetzt

Ich gehe umher mit Jesus
Und Buddha ist auch dabei
Ich wandere umher mit Krishna
Von meinem Stolz mach ich mich frei

Das Licht vom Mond

Taumelnd streich ich...
...durch die wolkenlose Nacht
Am Himmel hängt kreisrund der Mond...
...in voller Pracht
Die Sterne strahlen funkelnd...
...doch die huschenden Schatten hier und dort
Scheuchen mein Selbstvertrauen fort
Die Schattenwelt in mir, ...
...erhellte durchs fahle Licht vom Mond
...nur durchs fahle Licht vom Mond

Die verzerrten Fratzen dort...
...der Teufel selbst um jenen Baum
Leidvolle Qual, tiefe Traurigkeit und Schmerz...
...nimmt den ganzen Raum
Wie soll ich meinen Weg noch sehen...
...gar gehen in meiner Not
Fühl mich verschmutzt vom eigenen Dreck, ...
...beschmiert mit meinem Kot
Die Schattenwelt in mir, ...
...erhellte durchs fahle Licht vom Mond
...nur durchs fahle Licht vom Mond

Verzeih mir Vater, ...
...verzeih mir geliebtes Kind
Für die überheblichen Worte, den Zank, ...
...in meinem Wahne war ich blind
Tief bereu ich die nicht verschenkte Liebe, ...
...die scheinheilige Eitelkeit
Ich erkenne mich im Schatten, ...
...öffne mich im Schmerze weit

Die Schattenwelt in mir, ...
...erhellte durchs fahle Licht vom Mond
...nur durchs fahle Licht vom Mond

Im Wandel der Zeit

Im Wandel der Zeit, seh ich die Ewigkeit
Lass los mein Freund, du bist's der dich träumt
Das Spiel ist aus, wir kommen nach Haus
Freude und Zuversicht mir Hoffnung verspricht
Wir spielten mit Liebe, versetzten uns Hiebe
Verwegen bis heiter, trieb es uns weiter
Bis das Leben mich lehrte, was ich wirklich begehrte
zu genießen wenn ich kam, ein Dasein ohne Scham
Frei zu leben, ohne sollen
Loslassen, uns nicht ewig grollen
Nur eines kann die Welt verderben, die Angst vor dem Sterben

Heimatlos am Suchen, der Vergangenheit am fluchen
Die Zukunft im Nacken, in 'nem Käfig voller Ratten
Zu Diensten dem Hund, mit den Sternen im Bund
Keiner kann sich schleichen, dem Schicksal zu entweichen
Herabgestiegene Meister, die ewigen Geister
Lassen uns hängen, in den gierigen Fängen
Der Kultur die sie schufen, lassen sie uns bluten
Die Menschheit am Kreuz, irgendwen freuts
Lass ihn nun ziehen, deinen Schmerz
Hör auf dich zu sehnen, himmelwärts
Du bist das Leben, Vollmacht ist dir gegeben

Was soll ich mich sorgen, denken an morgen
Nun bin ich erwacht, aus düsterster Nacht
Der Fluch ist gebannt, die Leichen verbrannt
Keinen Schaden genommen, noch etwas benommen
Geb ich mich dir hin, ganz so wie ich halt bin
Töricht, ein Held, mach ich nichts für Geld
Aus Liebe zum Leben, will Erleuchtung ich erstreben
Dem Tod ins Auge sehn, auf Nummer sicher gehen
Ich bin da, sanft, doch voller Kraft
Aufmerksamkeit ist es die erschafft
Ich spürs in mir Beben, dies ist die Kraft, pures Leben

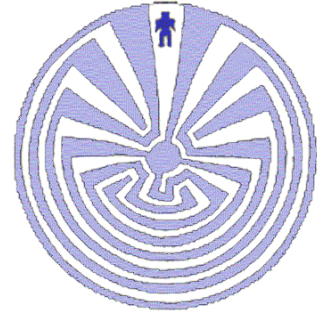

Ich finde einen Weg (Find out a way)

Ich geh und finde einen Weg
Einen Weg fort von hier
Einen Weg raus aus dem Alltagstrott
Einen Weg fort vom Lebensdurst
Ich bin auf dem Weg zurück zu mir
Ich trag ne Last auf meinen Schultern
Es ist die Angst aus meiner Vergangenheit
Unsichtbar für meinen blinden Verstand

Verklebt sie mein trauerndes Herz
Schmäleret mich zu einem kleinen Mensch
Ich bin nicht fähig mich Selbst zu sein
Von nichts bedingt ausser von mir selbst...

Ich geh und finde einen Weg fort von hier
Raus aus dem Alltagstrott ganz zurück zu mir ...

Lebende Wesen sind wir, geboren um lebendig zu sein
Auf Glück und Freude gründet unser Sein
Lasst uns tun was wir tun, ganz von Herzen
Das Leben sind wir, lasst die Blüte erblühn

Jetzt ist die Zeit (NowTime)

Jetzt ist die Zeit höher zu steigen
Zu feiern mit den Freunden ein Freudenfest
Eingeladen für diese Riesen-Party
Sind wir alle, schon seit langer Zeit,
- ja schon seit langer Zeit

Der Weg ist weit und es wird immer härter
Es ist nicht leicht im Frieden zu sein
Frieden ist in jedem Fall zu lieben
Frieden ist nicht Ziel, Frieden ist der Weg,
- Frieden ist der Weg

Der Kreisel des Lebens erhebt uns in den Raum
An den Ort, wo das leuchtende Fest vor sich geht
Man nennt diesen Ort, das ist schon lange klar
Liebe und Frieden, genau Hier und Jetzt,
- Liebe und Frieden, genau Hier und Jetzt

Es ist unser Recht ist hier in Frieden zu leben
Obwohl mächtige Götter und verlogene Herrn
Eine Welt erschaffen, die in Flammen untergeht
Doch die Wahrheit ist, dass Licht keinen Schatten wirft,
- Licht keinen Schatten wirft

Komm Heim (Come home)

Ich sag, erinnere dich,
...das Leben ist einfach ewig
Ein wachsendes Kind, reist vom Tod zur Geburt
Schau jetzt zu, wachse und leb,
...sieh hin wirf in den Schatten Licht
Bleib dir bewusst,Fürsorge endet nie

Zeitweise am Wandern,
...auf der Suche ganz allein
Nach dem Weg zurück nach Haus,
...verlier keine Zeit, versteck dich nicht
Maskiert mit 'nem falschen, tödlichen Lachen,
- nur weil's Mama so gefällt.

Komm jetzt wir gehn den Weg,
...wo Gut und Böse nicht mehr sind
Als verschiedene Teile vom gleichen Stück
Der heilige Traum aus dem einen Sein,
...ruft klar mit diesem sanften Laut
Komm heim, dein Leben, lebs

Zeitweise am Wandern,
...auf der Suche ganz allein
Auf dem Weg zurück nach Haus,
...verlier keine Zeit, versteck dich nicht
Maskiert mit 'nem falschen, tödlichen Lachen,
- nur um den Freunden gut zu sein

Nun ja, ich sehe wieder klar,
...der enge Weg ist der Weg ins Licht
Ewig, wirklich, und mit Liebe voll
Bitte ja, für mich hindurch,
...durch die Dunkelheit, ganz ins Licht
Mach auf mein Aug, mein Ohr,
...mach auf mein Herz

Zeitweise am Wandern,
...auf der Suche ganz allein
Nach dem Weg zurück nach Haus,
...verlier keine Zeit, versteck dich nicht
Maskiert mit 'nem falschen, tödlichen Lachen,
- nur weil's Papa auch so macht

Jetzt ja, ich fühl mich frei,
...bin gelandet hier im Adlerflug
Verwurzelt, wie ein alter riesiger Baum
Ohne Angst begegne ich dem Tod,
...die Seele eint sich mit dem Gegenstück
Der Körper ist nichts,als lauter Licht

Zeitweise am Wandern,
...auf der Suche ganz allein
Auf dem Weg zurück nach Haus,
...ich verlier keine Zeit, versteck mich nicht
Maskiert mit 'nem falschen, tödlichen Lachen,
- ich mach, wie das eine Herz es will

Komm nah (Come close)

Komm nah und halt mich, bitte lasse mich frei
Komm nah ich halte dich, lass uns frei sein heut Nacht
Komm her und halt mich fest, ich teil mein Leben mit dir
Ich möchte dich spür'n, so wick ich dich im Herzen spür,
...Will ich dich berühr'n

Der Liebesfluss führt mich zu dir
Der Liebesfluss bringt mich nach Haus zu dir
Lass mich sehen wer du bist
Ich lass dich sehen, wer ich bin,
....komm her und halt mich

Komm nah, komm nah zu mir, zeig mir wer du bist
Ja, ich geb mich dir hin, lass uns ehrlich sein
Ich möchte mit dir gehen, in Freiheit auf unserem Weg
Will wachsen mit dir, aus der Dunkelheit ins Licht
...Ich will mit dir Sein

Der Liebesfluss führt mich zu dir
Der Liebesfluss bringt mich nach Haus zu dir
Lass mich sehen wer du bist
Ich lass dich sehen, wer ich bin,
...Komm her und halt mich

Du bist die Göttin in meinem Herz
Komm nah ich halt dich, mit meiner Liebe halt ich dich
Komm nah und halte mich, mit deiner Liebe halte mich
Lass den Grund in unserm Leben, unsere Liebe Sein
...Komm nah und halt mich

Mach den Schritt (Do the step)

Ich mache den Schritt, ich bin am Zug
Ich getrau' mich, entfache meine Glut
Bin ein Teil vom goldnen Regenbogen
Bin lebendiges Wasser, gut aufgehoben
Der Sonnenschein haucht die Bewegung ein
Erde, Wasser, Feuer, Luft will das Spielfeld sein

Wo sich die Kraft unserer Liebe zeigt
Der Entschluss hier zu sein, fiel vor langer Zeit
Den engen Weg zu geh'n im Körper-Kleid
Bis das goldne Licht ganz aus unsrer Seele strahlt

Komm jetzt näher, zeig mir wer du bist
Wir machen Frieden ohne Hinterlist
Nimm deinen Platz ein, trag dein Regenbogenkleid
Lang war das Warten, jetzt ist die Zeit
Der Sonnenschein haucht die Bewegung ein....

Mache den Schritt, du bist am Zug
getrau dich, lass sie brennen deine Glut
Sieh den Regenbogen mit seinem goldnen Glanz
Wir sind lebendig, das Leben ein Tanz
Der Sonnenschein haucht die Bewegung ein....

Trau dem Leben (Trust Live)

Ich erkannte eines Tages im Winter
der einzigen Feind, den ich hab ist meine Angst
Warum soll ich meinen Traum nicht leben
Was mich behindert ist nur die eigne Angst
Ja, mich hindert nur die eigne Angst

Es gibt so viele verschiedene Konfessionen
Glauben was ich aus meinem Leben machen soll
Überzeugung und so genanntes Wissen
Verwirren meine Suche nach dem Weg
Ja, verwirren die Suche nach meinem Weg

Ich träume von einem Leben frei von Illusion
Einem Leben, wo Probleme Chancen sind
Ich fühl Freiheit in meinem Körper ich fühl Frieden in meinem Herz
Wenn ich dem Leben traue, das Leben macht das schon
Ja, Ich vertraue dem Leben, das Leben macht das schon

Verlasse die Dunkelheit (Leave the darkness)

Du verlässt die Dunkelheit, wenn du den Kampf aufgibst
Den Kampf gegen dich selbst und den ganzen Rest der Welt
Wo Liebe fehlt, da leben wir in dunkelster Nacht
Wisse, dass es ohne Liebe kein Licht gibt
Ja, nur Liebe macht dich frei
Ja, nur Liebe macht dich wirklich frei
So alles was du tust, tu' mit Liebe was du tust
Tu' alles mit Liebe was du tust

Wenn du dich einsam fühlst, an einem Fest im eigenen Haus
Und wenn du nicht erfolgreich bist, mit deinem guten Plan
Kämpfe nicht, beruhige dich, nimm s'Leben wie's ist
Nimm an dein Tief, hab deine Schwäche lieb, dann wächst du daran
Ja, nur Liebe macht dich frei
Ja, nur Liebe macht dich wirklich frei
So alles was du tust, tu' mit Liebe was du tust
Tu' alles mit Liebe was du tust

Vogelfrei(für den Wandel Zeit) (Free as a bird)

Ich lass dich frei, lieb wen du willst
Öffne dein Herz, schenk deine Liebe mir
Befrei dich Selbst lasse es fließen, lass es gehn
Bin es müde zu warten, worauf wartest du noch...
Es ist Zeit sich zu wandeln, für n'en Wandel Zeit
Benutze dein Wort und sei vogelfrei
Es ist Zeit sich zu wandeln, für den Wandel Zeit
Komm her und sag, 'bin wie der Vogel frei...

Freie Liebe zu predigen, ist wie leeres Gerede
Solange dein Herz im Schmerz feststeckt
Ich bete um Heilung deiner traurigen Augen
In den Fluss lebendigen Wassers verführe ich dich...
Es ist Zeit sich zu wandeln, für n'en Wandel Zeit
Benutze dein Wort...

Komm wir nehmen die Welle lebendigen Wassers
Die Reise Leben führt uns ins Licht
Meine Liebe zu Dir lehrt mich wo Freude ist
Alles ist innen, wir sind strahlendes Licht...
Es ist Zeit sich zu wandeln, für n'en Wandel Zeit
Benutze dein Wort ...

You can do what you want, it is like it is
You can do what you want, a fish is a fish
So do what you want, yes do what you want
A fish is a fish, a fish is a fish
You can do what you want, yes do what you want
It is like it is, a fish is a fish
A Fish is a fish a fish is fish

Chum hei (Come home)

Ich säg erinnere dich jetzt
S'läbe isch eifach ewig
Es wachsend's Chind
Reist vom Tod zu Geburt
Jetzt lueg zu, wach's und läb
Geseh dura wörf in Schatte s'Liecht
Blieb dir bewusst
Fürsorg isch ohni End
Zytwies am Wandere
Uf dä Suechi ganz allei
Nochem Wäg wieder zruck hei
Verlür kei Zyt, versteck dich nöd
Maskiert mit ämene falsche, tödliche Lache
Nur dä Mame z'lieb.

Chumm Jtzt, gömmer dä wäg
Wo bö's und guet nöd me isch
Als verschieden Siete
Vom glieche Stuck
Dä g'heimi Traum us äm eine Herz
Rüeft klar mit dä're lute Stimm
Chum hei,
Dies Läbe, läbs
Zytwies am Wandere
Uf dä Suechi ganz allei ...
.....nur dä Fründe z'lieb

Aum ja, ich gseh wieder klar
Dä engi Wäg, isch dä Wäg is Liecht
Ewig, wirklich
Und mit Liebi voll
Bitte ja, für mi dä'dur
Dur Dunkelheit, ganz is Liecht
Mach uf mis Aug und's Ohr
Mach uf mis Härz
Zytwies am Wandere
Uf dä Suechi ganz allei ...
.....nur äm Pape z'lieb

Ja jetzt, ich fühl mich frei
Bin abecho im Adlerflug
Verwurzlet wie n'än
Alte riesige Baum
Ohni Angst begägne ich äm Tod
D'Seel vereint sich mit äm Gägestuck
Dä Körper isch nüt
Als luuter Liecht
Zytwies am Wandere
Uf dä Suechi ganz allei
Nochem Wäg wieder zruck hei
Verlür kei Zyt, versteck dich nöd
Maskiert mit ämene falsche, tödliche Lache
I gfall nur äm eine Härz.

Liebhaber uf dä Reis (Travelling Lover)

Vor es paar Tag
Ich bin gwandret uf mim Wäg
Dä wind blost isig chalt
Ich han gfreore im Moment
Abers Härz i minere Bruscht
Git dä Rytmus i mim Läbe vor
Ich bin an Liebhaber uf dä Reis –
Solang ich Läb an Liebhaber uf dä Reis
D’Frau won ich han troffe seit
Bitte blieb bi mir.
Ich lieb di,
Drum ghörsch du mir.
Nei, han i gseht
Und nimm sie uf dä Schoss
Du fühlsch dich guet a
Drum sorg dich nöd
Ich bin an Liebhaber uf dä Reis –
Solang ich Läb an Liebhaber uf dä Reis
Wenn d’wötsch liebe
Zerst lieb dich selb
Find use wer du bisch
Bi ehrlich mit dir
Du treisch s’Läbe i dim Härz
Du bisch d’Seel min Fründ
Verlo dini verzweifleti Welt
Und wundere dich was denn findsch

Ich gspühre dich

– vo Liebi voll solang ich läb

Wendezyt (Time of change)

Gfühl vo Truer, ja für d’Nacht wo chunt
Erwartige, vo so nere düstere Zyt
No hämmer kei, Erinnerung
Vo sonnere Zyt, vo sonere schwierige Zyt
Jo, jetzt müe mers gseh
Alls wo mir do erschaffe händ
....Wendezyt --- Wendezyt
Grad zur Höhli us, nur zum Spiele un lärne cho
Doch ihr suged alles bluet, us ihre us
Bis sie stärke wird, doch Hoffnig bleibt
....Wendezyt --- Wendezyt
Träne falled, ja fürs heil vo dem Planet
D’Liebi isch, und wirds immer sie
Allumfassends Gsetz, dä Wäg für mi
Es tränndi Schwert
Wuehlt durch d’Luft und durs Erdrich
....Wendezyt --- Wendezyt

Mach dä Schritt (Do the step)

Ich mache dä Schritt, ich bin am Zug
Ich getrau mi, ich weiss was es brucht
Bin an Teil vom goldige Rägeboge
Bin lebändig Wasser guet ufghobe
Dä Sunneschie bewegts umenand
Erde, Wasser, Füer, Luft isch üses Land
D’Welt, die spiegellet üsi Liebi
Dä Entschluss isch gfälle vor langer Zyt
Dä Engi Wäg zgo, Schritt für Schritt
Bis das Liecht vo Gold lüchtet us üsere Seel

Chum jetzt nöcher zeig wär du bisch
Mer mached Friede wos grad isch
Nimm din Platz i im Rägebogeschiff
Lang hämmer gwartet jetzt isches Zyt
Dä Sunneschie bewegts umenand...

Mach dä Schritt, du bisch am Zug
Getrau dich, du weisch was es brucht
Gseh dä Rägeboge mit sim goldige Glanz
Mir sind lebändig, s’Läbe an Tanz
Dä Sunneschie bewegts umenand...

Rägeboge (Rainbow)

Wie n’an Rägeboge lauf ich
Im Fluss vo lebändigem Wasser
Gnad bewürkt äs erhebendes Bäbe
D’Liebi, die drängt mi
Uf dä Wäg, frei i minere Natur
Bin im Friede mit mir – bis Allganze zäme
Und dä Härzschlag wird eis mit dä Schöpfig

Ich föhl mich als Mensch jetzt
Gspür de Friede und Liebi im Härz
Ich singe und stune wie die Blume wachst
Und d’Rägebogefarbe explodiered i mim Härz

Ich bin dä Narr im Spiegel, bin ä lebändige Seel inere Form
Ich lueg umenand und bin wan ich gseh
Uf däm Ascht dot wachst ä Sorg oh je
Ich schnied ab dä Ascht und us am Holz
Schnitz ich äs Boot und los im Fluss los

Ich bin an lebändige Rägeboge
Gspüre Friede und Liebi im Härz
Ich singe und stune wie die Blueme wachst
Und d’Rägebogefarbe explodiered i mim Härz

Ich bin dä Narr im Spiegel, ich bin ä universelli Seel
Am Schöpfer sinni Chind, isch wa mer sind
Wild gebore und frei

Bin an wandernde Rägeboge
I gspüre Friede und Liebi im Härz
Ich singe und stuhne wies das Läbe wachst
Us dene Rägebogefarbe – entstoht ä neu Welt –
Ä Rägeboge – Liebi – Liecht – Welt

Diverse Songs

Das Leben erwacht

Ich weiss, was ich will und weiss es genau
Ein Leben für alle
Du und ich, gleich ich und du
Ich und du, gleich du und ich
Gelb und blau, nah und fern
Mann und Frau, facettenreich aus einem Sein
Das Leben erwacht

Ja das Leben erwacht, das Leben....

Ja, das Leben erwacht, in dir und in mir

Das Leben packt und reisst
Die die das wollen
Mit Bedacht und Präzision
Manchmal nicht gerade sanft
Aus ihrem Tick-Tack Alltagsleben raus
Zurück zu sich Selbst
Du und ich auf dem Weg nach Haus
Das Leben erwacht

Ja das Leben erwacht, das Leben....

Die Nacht, das kann ich sehen
Hat Schmerzen entfacht
Endlich frei von den täglichen Sorgen
Unserer drückenden Last befreit
Ist der Körper so wie er ist
Endlich frei für den Geist
In der Mitte strahlt das Herz vor Freude
Das Leben erwacht

Ja das Leben erwacht, das Leben....

Komm sei still mein Freund
Beruhige dein Herz vertraue dem Leben
Es lebt sich selbst mit dem Leben als Sinn
Es lebt sich selbst mit der Liebe als Sinn

Ja, lebe das Leben

Ja, lebe die Liebe

Es hat geregnet.....

Es hat geregnet diese Nacht
Das Land ist nass, mein Herz, es weint und lacht
Alles ist vorbei, das dacht ich mir
Das kann nicht sein, denn noch bin ich hier
Leid, die Qual, der Wahn, der Hass
Das bin ich nicht, das macht mir keinen Spass

Ich dreh und wend mich im Kreis
Mal ist mir zu kalt dann viel zu heiss
Kopf über renn ich vorm Leben weg
Dann denke ich das hat alles keinen Zweck
Warum kam ich nicht einfach schlafen gehn
Der verdrehten Weit den Rücken drehen

Ein neuer Tag bricht an die Sonne strahlt
Der Schrei noch Liebe verhallt
Das Leben taucht auf am Horizont
Ich freu mich auf alles was jetzt kommt
Komm lass uns auf die Reise gehn
Eine neue Welt mit neuen Augen sehen

Divine Sound

Billions of stars in the sky
Forever moving without asking why
Towards the end of their way
Only some they always stay
In their place - fixed in their space

The way is like watching a TV-show
I want to know the end, but i don't know
What's coming up, in our world?
I want to fly like a bird
Up in the sky - there is no lie

The calmness is great above the ground
From some where I can hear a divine sound
Smoke is hiding an extending fire
It starts to burn all greedy desire
Divine sound - rings for a new round

Divine sound is burning hard in fact
It's looking like a very crazy act
When burning people are running around
Hoping the king will soon be crowned
Congealed blood - is the aim of God now

Fly away

I don't want to live like this anymore
I am tired of the pain I have to see
No hope for the future in this way
Really no hope for the future in this way
Every day we have to climb over big hills of troubles
Without to know the reason why
And no chance to escape from this place
really no chance to escape from this place
I am tired I'm so tired I want to fly away
To the place without hate and greed
Where dreams are coming true suddenly
And nothing is wrong with you and me
Really nothing is wrong with you and me

Everywhere where I go, all the folk is telling me
What you do is good or that is bad
But nobody knows the truth
Really nobody knows the truth
I had to realize it makes no sense in this way
The only thing I know is that the time is passing by
And after a short while I have to die
Really after a short while I have to die
I am tired I am tired ...

All the fear in this world is my hidden enemy
It treys to kill all my love
And without love I am dying
Yes without love I am diing

But I don't want to die, to die in this way
That's why I'll soon fly away
To the place without hate and greed.

I will fly, fly, fly away

Wake up

This is a wakeup call
 Wake up for a new dimension of Live here on earth
 Wake up and live your own Life here on earth
 Wake up and live a life in Love and Freedom, a life in peace,
 this is a wakeup call....

Wake up to your own life here on earth,
 Live your dream, free yourself and think peacefully,
 Wake up and find your peace within yourself
 Find peace, within your own soul and body,
 Find peace with your environment,
 Find peace with the government of your land and the hole world
 Find peace with your neighbours, with your parents and your brothers and sisters
 Find peace with your Life, and live your Life.....

This is a wakeup call, wake up and live your Life
 You are a human being here on earth; this means you are the life
 You are an expression of the love of the universe,
 And all you have to face on your way, is your truth
 Live your life free from expectations of what shall be or may not
 Live a Life in Love and you are free
 Live a joyful life and live your dream, be alive

This is an wake up call.....

So wake up!

Blood Hero's

The Dream of the old heroes was to live in honour,
In honour and pain for their kingdom, for their kings, for
their queens.

So they drowned the land in blood
And the blood stained land now calls loud
Please forgive me the pain, please forgive me the blood
Please forgive me the guilt.

For these thousands of years, all this blood in the earth is
crying for freedom
And there will be freedom in the glow of the sun
The Sunlight will glow through the night
And all the pain will be forgotten and forgiven, to see the
new pure land.

The new pure land, which is able to breathe deeply
And to live without sorrow on this earth, o enjoy the youth
To enjoy the life without knowledge of being old or weak.

And Love is the guidance.

Hero of the night

I like the thought that out there in space
The sun shines even during the night

This shows me clear that if I dive deeper
There's always more the obvious view

If you believe that good is good and bad is bad
I suggest you to consider the idea

We incarnate on earth to stay in boundless Love
Day and night, with enemy and friend

You come from the stars to bring the light down here
You are the hero of the night

Out of being we dive deep into the matter
And forget about, who we really are

We forget about the dimensions, which we travelled
through
And about our power to create

With our imagination we define the world
It's you the one that decides

Use your sword wisely, let your heard be the guide
Freedom only exists inside

The world is your mirror, an illusion you're living in
The hero's task is to wake up from his dream

Dancing in time

Last week I was walking down the road
And I met an old friend of mine.
"Hello, how are you?" I asked him.
And he told me, "Oh, I am not so well these days.
I lost everything I had, I lost my wife, I lost my job,
I lost my house, and I even lost my dream

Do you remember the days?
When we were dreaming the space
To lose ourselves to fall in Love with Life
Do you still know about or dream?
To open up all the unseen
And travelling down in time on wings of Love

Yes, you knew it won't be easy
In the density to be
But now remember – we are dancing in time

Can you still hear the melody?
That teaches us what all can be
Listening to this wonderful sound called Life
Are you still able to dance?
To move, to jump over the fence
Finding your way in the infinity of space

Yes you knew it won't be easy.....

Do you agree that you and me?
Yes, that the things we see,
Are all a part and one within the Unity?
Are you aware of yourself, now?
And that the place, where you are
Exactly the place is, where you want to be

Yes you knew it won't be easy.....

The Body is the church

Listen to the story, which this world wants to tell
And find out what is your truth

Everywhere you're going, the way is plastered well
With an information to program your mind

Many forces out there, wants you to believe
That this and that is the right thing for you

I find it much important now, no matter what you receive
That you are the truth of your life

My body is the church, and I am the soul
Keep in mind, that Love is the origin and the goal

That the world still lies to you, has the reason that we learn
To find the entire truth inside ourselves

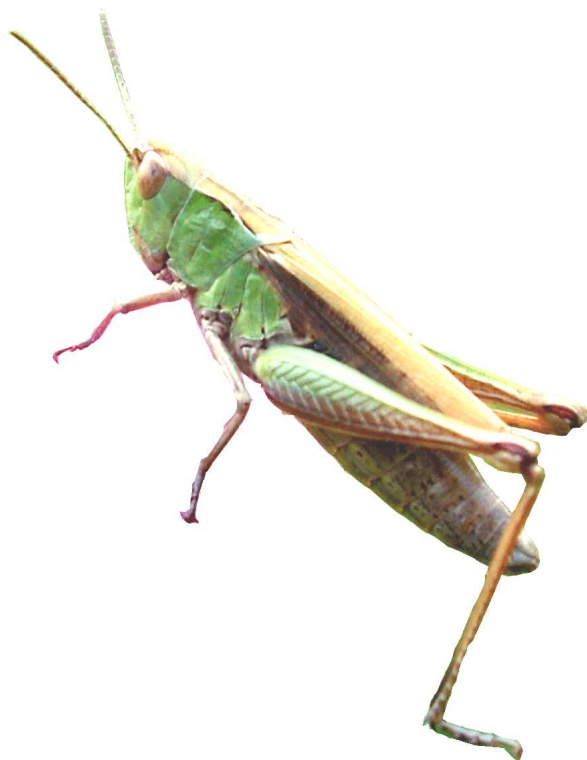

Why should a women or a men, a starchild born on earth
Be defined by things you hear or you see

Be aware that out there in the time, are some they work with lies
That you never find out, someone owns your life

My child belongs to me, one day you will be dead
You have to work, and it always has been like this... - are lies

It takes a long time to achieve peace, Life is hard, you are separated
From God, are things they want you to believe, but... - these are lies

My body is the church, and I am the soul
Keep in mind, that Love is the origin and the goal

With the wind

With the wind I'm blowing.....

I don't know where we're going.....

Yes on thing for sure I know
That's the right way, where we go
I am at home where I am
I feel as much joy, as I can

Let's dance tonight
On the rising Light
Yes, you and me
We are always free
