## GOD finally – the new day – one Love

Album von dr zodiak ram 2022

Jetzt beginnt die Zeit auf die wir alle gewartet haben. Das Zeitalter der Einheit und des Friedens auf der Erde und ihrer Menschheit hat begonnen. Jetzt. Die Gefühle der Getrenntheit und Angst verlieren sich langsam im Schatten der Zeit. Im Licht des herannahenden Alleinen , Gott , dämmert auf der Erde langsam in uns Menschen das Bewusstsein, dass wir alle eins sind, dass wir mit der Erde ein Lebewesen sind, dass wir grossartig und wunderbar sind. Mit dieser Erkenntnis kehrt Frieden und ein Leben in Freude und Fülle auf der Erde ein. Der Austausch unter den Menschen und mit allem Lebendigen erreicht nun eine Stufe der Vollendung und bringt eine grossartige Wandlung, die den in Menschen die eigene Kraft und Wohlergehen, einen gesunden und starken Körper und ungeahnte Lebensfreude beschert. Es ist der Tag der Weihe.

# Living freely

(C-Dm-G-Am-F-Dm-Dm-G)

To live freely is the way to be happy  
Joy lets thrive what still is hidden  
Come now – come now, let yourself free  
We fathom being – in eternity  
    - Living freely -  
Time is illusion and only here and now  
Are joy, peace and true happiness at home  
The time – the time, –is God's dream  
Transience – in eternity

-----

Leave your worries back in time  
Only sometimes fear stands in the way  
To be myself  
A cloud hides the sun  
Just a moment in eternity  
Painful well, but the sun  
Still untouched and whole  
The Self still untouched and whole  
    - Living freely -

# You got to know you<sup>(C-G-F)</sup>

You got to know the way you're feeling  
You got to know the way you dream  
You got to know the way you're thinking of your Life  
You got to know you, you got to know your Life  
You got to know you, you got to know your Life  
You got to know the way you're thinking of your Life

You got to know you, you got to know your Life  
You got to know the way you're thinking of your Life  
You got to know you, you got to know me  
We are all one Life, we are all one Life  
You got to know the way you're thinking  
You got to know the way you dream  
You got to find out who you are

You got to know you; you got to know your own life  
You got to know you and me  
You got to find out who are, you got to know your own way  
Take your time, take your time and find out and why you live  
You got to find who you who you are and walk your own way  
Take your time, take your time, take your time and find it out  
Take your time, take your time, take your time, it's your Life  
Take your time, take your time it's yours

Take your time.....

## Freedom is Love (C-G-C-G-C-D)

Yes, the way that you search, is the way that you are  
What you believe is your truth  
Yes, you reach, if you know. without a condition  
Now. I am there

Freedom is Love.....

We've created an illusion of time  
But really, there's only one now  
If you suffer, you've decided to suppress your love  
Forever you are free to believe  
Free to believe, what you want to believe  
Free to believe, what you want to believe  
Now you research yourself and God  
Think about now

Freedom is Love....

## Cross the line (Who are you?)

While we were standing there, aside ...  
The dream of beauty, turned my mind  
    To be free  
Let you there to be, and see ...  
All you wish is already, there

In your heart

Cross the line and see, what is there  
Be aware, it's you  
All you have to is, to find out who you are  
And turn your mind  
That's the way you're going through  
(Be crazy and go through)

See the world out there, is more  
Then they told you  
Come on and find out, for yourself  
Who you are  
You are completely free, to be  
To be you  
Just learn to play, your own song  
In the great symphony

Cross the line and see, what is there  
Be aware, it's you  
All you have to is, to find out who you are  
And turn your mind  
That's the way you're going through  
(Be crazy and go through)

## ONE Love – Dream of the eternal Love

(C-G-Am-F-C-G-F-F)

I met you there in a dream  
Long time ago, I was still away of me  
You were sitting in the sunlight  
On the branch of a large tree, enjoying yourself  
- And I felt in Love with you

And I did not know who I am  
Nor where I should go  
Lost out there in time  
Missing the sunshine

But it felt all right

Then we met, met our self out there in the dark  
Now, where future meets the past  
A colourful dawn announced the hidden sun  
And we found our Love

Remember the days

When we talked about our dream  
To believe in Freedom and Love  
Believe that Life is our colourful, beautiful Art  
- And Love grows in our hearts  
Day by day  
The way we walk step by step  
ONE as good as we know and can  
Together with our children creating the dream  
In the real daily Life  
- This is our space of Love  
Our Love, Our Life, .....

Then we met, met our self in here in the Light

Now, where future meets the past  
A colourful dawn reveals the hidden sun  
And we just live our Love  
This is our space of Love

Our Love

You and me, we are ONE  
ONE Love, ONE Life, ONE Space of Love

## Standing up from death<sub>(G-C-G-D-G-C-D)</sub>

Staying in Love all times is my aim  
But in moments when I am searching for myself  
If you could read my thoughts  
Yes, for sure you will see  
The moments I believe it, is the moment I reach

Dreaming of Love fulfilment and joy  
And believe it's somewhere out there to find  
If you know who you are

Yes for sure you will see  
The moment you believe it, is the moment you reach

I am moving through time  
Trying to keep my line  
More death than alive, cause I lost myself  
But now, I am standing up from death

The world I live in is not the same like yours  
Now I think fast to prove my believes  
If you dare to be honest  
To express and live your own truth  
The mind-illusion fades, your fake image dies

The moment you remember what being you are  
The event when we all waking up  
All we knew till then dies  
The true human arises  
With a renewed body and an enormous extended view

I am moving through time  
Trying to keep my line  
More death than alive, cause I lost myself  
But now, I am standing up from death

## Step by step

Step by step I'm walking on  
Through a wide valley singing a song  
Far ahead I perceive my destination  
I feel me and nature have a deep relation  
Because something is pushing me....

The top of the mountain still far away  
I'm walking and then there's no time to stay  
Nature is tempting with pure beauty  
But I'm going on to do my duty  
Then something is pushing me.....

The thoughts in my mind don't give me a break  
I think and think like my life is at stake  
Even if this muddy way is getting steeper  
Every step further my desire gets deeper  
Because something is pushing me

I'm getting closer of that I'm aware  
To the top of the mountain to reach up there

To be that thing what I feel inside  
Please wipe out the night - with your bright light
